### **MainSource Bank Joins Habitat for Humanity in Metro Louisville's Bank Build**

MainSource Bank (NASDAQ: MSFG); has again sponsored and participated in the physical building of a house for Habitat for Humanity in the Metro Louisville's Bank Build. The event, Raise the Roof, took place March 14-16.

Habitat for Humanity of Metro Louisville has a proven track record of helping deserving families. Habitat construction volunteers build alongside families who demonstrate the need and willingness to partner with Habitat. Since beginning in 1985, they have built or renovated over 490 homes in Metro Louisville and Oldham County. Passionate about changing lives, Habitat builds homes as they are the essential building blocks for families and communities – especially when coupled with strong relationships and healthy neighborhoods.

"The Raise the Roof event was a great opportunity for us," said Eric Bow, Market President for MainSource Bank. "Our volunteers considered this a very rewarding day to help develop the local community, assist a neighboring family and be part of a remarkable experience."

MainSource remains a large supporter of the communities it serves through various offerings and employee volunteer efforts. Dedicated to serving the neighborhoods, MainSource Bank employees were proud to donate their time and skills to helping build a house for a deserving family in the local area.
